RECKLESS RALPH'S
BRAVE NOVEL ROUND UP

INDEX - DIGEST

Covering Numbers 160 to 231. 1952

Price Twenty-Five Cents.

Published by RALPH F. CUMMINGS, 161 Pleasant St., Fisherville, Mass.

This INDEX-DIGEST
Compiled By
EDWARD LeBLANC
Fall River, Mass.

It follows the same form as Index-Digest #1, compiled by George T. Flaubt whose original instructions for its use are reprinted, here-with.

HOW TO USE THIS INDEX.

The searcher who is interested in Nick Carter need only to scan the section devoted to the letter C, for Nick Carter is indexed under the surname of Carter. There he will find nine references to pertinent information. A further search under the title of Authors, Publishers, etc., may uncover additional references. For obvious reasons such titles as Deadwood Dick, Buffalo Bill, etc., are indexed under their first names.

A reference to 106-1 indicates that there is a feature article in issue #106 on page 1. The letters LC and RC are used to direct the searcher's attention to the left or right column of type-matter on the designated page. Thus a reference to 180-4 LC after the listing Golden Hours indicates that in the 180th issue on page 4 in the left-hand column, reference is made to this publication.

In preparing this Index-Digest of the contents of Numbers 160 to 231, inclusive, every page of every issue was carefully examined by the compiler. All headings of feature articles, poetry, references to authors, publishers, cover-artists, editors etc., were considered worthy of inclusion. Many of the references were literally lifted from the printed column and this valuable and heretofore lost information is now made available to the reader.

Every effort has been made by the compiler to create an Index-Digest which will meet with the approval of all the readers of the Dime Novel Round-Up and it is hoped that it will afford them a quick, ready and accurate reference instrument to the valuable information pertaining to the collection of Dime Novels, found within its pages.
